Basketball Rules Changes

Rule 5-9-5 (NEW): In the last 59.9 seconds of each quarter or extra period, if play is resumed by a throw-in or an unsuccessful free throw, a minimum of three-tenths (.3) of

a second must expire on the game clock when the ball is legally touched by a player inbounds. **Rationale:** When play is resumed with a throw-in or unsuccessful free throw, a player may not gain control and attempt a try without at least .3 seconds expiring from the game clock. This change aligns with existing provisions related to tap attempts found in Rule 5-2-5. **NOTE:** This rule does not apply when the game clock is not capable of displaying tenths of a second.

Rule 5-10-2 NOTE (NEW): If the referee determines the game clock malfunctioned, was improperly started or stopped, or failed to run, an official's visible or silent count, or other official information, may be used to correct the timing error. **Rationale:** Officials currently utilize visible counts for backcourt violations, closely guarded situations, and three-second violations. This change permits officials to also maintain silent counts that may be used as definite knowledge in correcting timing mistakes under Rule 5-10-1.

6-4-4g: Deleted language regarding an alternating possession throw-in following a warning for faking being fouled after a released try attempt. **Rationale:** The provision is no longer necessary due to the 2025-26 interpretation change modifying procedures for addressing faking being fouled situations.

8-6-4a thru d: When both teams are assessed technical fouls during the same dead-ball period and before the ball becomes live:

a. All technical fouls are considered to have occurred at approximately the same time for offsetting penalty purposes;
b. All fouls are recorded and penalties identified;
c. If an unequal number of technical fouls are committed, play resumes as though the final single technical foul was the only foul committed; and
d. If penalties cancel for equal technical fouls, play resumes at the point of interruption.
Rationale: This proposal clarifies that all technical fouls occurring during the same dead-ball period are treated as occurring at approximately the same time.

9-2 PENALTY (Section 2): The ball becomes dead when the violation or technical foul occurs. The location of the violation is the original throw-in spot. **Rationale:** Prior to designated throw-in spots, all throw-in violations were administered from the original throw-in location. Language referencing the original throw-in spot was inadvertently removed following implementation of designated throw-in spots. This change restores that language and clarifies administration procedures.

- Scrimmages will be 90 minutes in length on a school wall clock, starting promptly at the time listed in Arbiter.
- Special situations may be included as per the rule book:
    - Definition of a Scrimmage A scrimmage is a practice that is a SIMULATED CONTEST.. A basketball scrimmage must include 10 minute time periods with running time (except time-outs) and unlimited time outs. The score will be cleared at the end of the time period and the time will be reset.

The general rule is one supervisor for every fifty presale tickets sold. The financial responsibility of these assignments lies with the participating schools.

The MMHSAA Seeding Policy shall be followed for seedings:

- Once a tie is broken by the above system, remaining tied teams will be broken by starting again at step 1,

Method Of Determining A Playoff Champion

MMHSAA Boys' basketball will conduct a single, 8-team, Manhattan Cup championship to crown an overall league champion. The overall league champion will represent MMHSAA at the A NYS CHSAA State tournament.

Any team that finishes in the top 4 with a winning percentage above .500% (8 wins or more) is only eligible for the A NYS CHSAA tournament. Any team that finishes the season with a winning percentage of .500% or less (7 wins or less) and is classified as a B school will be eligible for the B NYS Relegation Round if they are eliminated beginning with the 2nd round of the playoffs. Teams losing in the first round are eliminated from the tournaments. Teams losing in the semi-final round that are classified B and whose classification was not elevated due to their performance during the regular season, will be relegated to the NYS CHSAA State B knock-out tournament. Any team advancing to the Manhattan Cup Championship is ineligible to return to the NYS CHSAA State B knock-out tournament.

Note: Any team entering the playoffs with a B classification cannot be eliminated from the B relegation tournament by a team with an A classification.

The winner of the B relegation tournament will represent the MMHSAA at the NYS CHSAA State B championship with the opportunity to win a state title.

Canisius, St. Francis, and St. Joe's are only eligible for the A division championship.

Athletic trainers

MMHSAA recommends and supports the ‘Best Practice’ that every member High School has a Certified Athletic Trainer providing full-time access or coverage to the athletic program. It is the responsibility of each school to provide for their own athletic training needs for all of their school events and to secure an AED for the certified trainer’s use, as the MMHSAA believes that its member schools should observe the Education Law Section 917’s requirements as a “best practice” and therefore strongly encourages them to do so.

Programs

Programs will be made available electronically.

Assignment of Officials

Officials for MMHSAA contests will be assigned by the MMHSAA Executive Director or by his designee in Arbitersports.com. Varsity officials who have the potential to work MMHSAA contests must have their availability up to date in Arbiter sports before being assigned. Additional qualifications for selection include:

The official's name must appear on his/her Referee Unit's Official Roster in Arbiter sports prior to the beginning of the soccer season.

The official must have officiated a minimum of six games throughout the season. The MMHSAA Executive Committee may override the six-game minimum in case of extenuating circumstances. An official may submit a request for review of his/her circumstances no later than one week prior to the playoffs.

MMHSAA Policies Policy on Travel to States for Team Sports

- Check the MMHSAA Travel Policy for information.
- Member schools participating in state competition will be responsible for all costs related to their participation.

All-WNY Scholar Athlete Team

Coaches and Athletic Directors are encouraged to nominate athletes for selection as an All-WNY Scholar Athlete. Applications must be completed online. Click here for The criteria for selection and the Nomination Form. Please follow instructions for submission on the Section VI web page. Those selected will be honored by both MMHSAA and The Buffalo News.

MMHSAA AED Policy

Although the New York State legislature may have not gone so far as to make Education Law Section 917 applicable to nonpublic schools, the MMHSAA believes that its member schools

should observe the law's requirements as a "best practice" and therefore strongly encourages them to do so. For events that the MMHSAA hosts at neutral sites, there will be AED equipment present as well as people who know how to operate the equipment. For competitions hosted by member schools, it will be the independent responsibility of each school to ensure whether and how the school will observe these best practices relating to AED's.

Pass Policy

Coaches and/or the school Athletic Director must inform the Athletic Director of the school that you intend to scout, that you will be attending and who will be attending. Only 2 coaches are allowed to attend via this pass policy.

No Shows at Playoffs

A school team that does not show or refuses to play in a playoff contest after the seeding meeting spoils the integrity of the tournament. MMHSAA schools shall declare their intent to play or not play prior to MMHSAA seeding. Schools failing to fulfill their pre-tournament commitment shall be subject to the following sanction:

One year of ineligibility for sectional play in that sport with the ability to appeal to the Athletic Council. Appeal must occur within 60 days of the completion of sectional play.

The Section Chairperson must notify the Executive Secretary of the occurrence, and the Section office will notify the Superintendent, Principal and Athletic Director of the sanction.

Regulations Regarding Senior All-Star/Outside Agency Contests

All Senior All-Star and Outside Agency contests MUST be approved by MMHSAA. In addition, Senior All-Star contests must be approved by NYSPHSAA.

All Senior All-Star and Outside Agency contests must be conducted within the season dates approved by the MMHSAA Athletic Council for that sport. The calendar of approved season dates for all sports is posted on the MMHSAA website*.

Only seniors who have completed their secondary school eligibility in that sport may compete in these contests.

A contestant may participate in any approved senior all star athlete contest in the same sport during the school year. (approved October 24, 2013, NYSPHSAA Executive Committee Meeting).

NOTE: A Senior All-Star contest by NYSPHSAA standards is one in which an athlete's participation is based solely on outstanding performance as a member of a high school team. If open tryouts are held, the contest is NOT a NYSPHSAA All-Star contest.

MMHSAA Policy Contingency Plan for playoff Competition

- Contests hosted by one of our schools will be considered for postponement only if a participating school is officially closed due to weather or illness.
- It is the responsibility of the Athletic Director of a host school (or designee) to notify the Executive Director that the school has been closed due to weather conditions (or illness) as soon as he/she becomes aware of such action. If the game is canceled the officials and the media will be notified by the Executive Director (or designee).
- In the event that a school is closed on the day its playoff contest is scheduled, the decision to play shall rest with the school principal.
- In the event that weather conditions reverse themselves prior to game time, the game may be played with the mutual consent of the participating Athletic Directors and the approval of the Sport Chairperson.

Games hosted at a Neutral Site

- When a contest is at a non-school site (neutral site): If the competition facility and the roads to that destination are open, then the competition will go on as scheduled. If either the roads or the facility is closed, then the competition will be canceled. If a school is closed, the Executive Director of the MMHSAA will communicate with the school to determine if the game can be played as scheduled. Under NO CIRCUMSTANCES is a site contracted by MMHSAA available for practice when a competition is canceled.

PLEASE NOTE: It is up to the MMHSAA schools to recognize the potential for snow days, power outages, etc. that may cause cancellations and problems. The MMHSAA schools should schedule their last league contest at least one or two days prior to the playoffs, allowing for a make-up of league contest(s) prior to the playoffs if necessary.

Sportsmanship Philosophy and Code of Conduct Philosophy

We believe that interscholastic athletics is an important part of education and supports the ideals and values embodied in good sportsmanship.

We believe that sportsmanlike behavior is essential if interscholastic competition is to contribute usefully and constructively to the broad goals of education and to the quality of life of those involved.

We pledge ourselves individually and collectively to encourage and support the development and maintenance of a sportsmanlike atmosphere for athletic competition.

Code of Conduct

A genuine interest in and enjoyment of interscholastic competition requires conduct that reflects the understanding that contests, as part of an overall school program, are intended to be enjoyed. Behavior that reflects a winning-at-all-costs attitude violates this standard.

Interscholastic competition provides valuable lessons and learning experiences that are not possible in the regular classroom setting. All involved must support the need to develop the ability to compete with enthusiasm and to accept winning with grace and losing with dignity.

Coaches, players, and fans should know that participation is an honor and privilege which requires them to conduct themselves in a manner that brings honor and pride to their school and community.

Respect for the cultural and ethnic diversity of one's opponents, their school, and community is a fundamental tenet of wholesome athletic competition. This standard suggests that planned activity is needed to demonstrate a warm and friendly welcome, mutual respect, and genuine readiness to participate in a sportsmanlike manner.

Players should demonstrate both knowledge of the rules and respect for game officials and their decisions. Coaches and school officials have the responsibility to teach and encourage these attributes.

SPORTSMANSHIP STATEMENT REMINDER

The following statement will be read over the public-address system just prior to the pledge to the flag. If there is no public-address system, the statement will be read to both teams by the site chairperson or his representative:

The New York State Catholic High School Athletic Association and the Monsignor Martin High School Athletic Association requires that game administrators, school administrations and officials enforce a ZERO TOLERANCE POLICY for athletes, coaches, and spectators. They will not tolerate negative statements of actions between opposing players, especially abusive language, trash talking, taunting, or baiting of opponents. If such comments are heard or actions seen, a penalty will be assessed immediately. Spectators are reminded that berating of officials; the making of negative comments toward either team; or displaying inappropriate behavior are evictable offenses.

The playing field is an extension of our classrooms. Please practice good sportsmanship."

This announcement stands as the official warning of the ZERO TOLERANCE POLICY. Let today's contest reflect mutual respect between all participants and spectators.

MMHSAA ZERO TOLERANCE

This policy requires all players, coaches, officials, team officials and administrators and parents/spectators to maintain a sportsmanlike and educational atmosphere before, during and after all MMHSAA games.

Thus, the following points of emphasis must be implemented by all officials.

Players

- A technical foul for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a player:
- Openly disputes or argues any decision by an official.
- Uses obscene or vulgar language at any time, including any swearing, even if it is not directed at a particular person.
- Visually demonstrates any sign of dissatisfaction with an official's decision. Any time that a player persists in any of these actions, they shall be assessed a technical foul.

Coaches

- A technical foul for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a coach:
- Openly disputes or argues any decision by an official.
- Uses obscene or vulgar language in a boisterous manner to anyone at any time.
- Visually displays any sign of dissatisfaction with an official's decision with the intent of inciting the officials, players or spectators.
- Any time that a coach persists in any of these actions, he/she may be assessed an ejection

Officials

- Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial and constructive manner at all times. The actions of an official must be above reproach. Actions such as "baiting" or inciting players or coaches are strictly prohibited.
- Officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.

Parents/Spectators

- The game will be stopped by game officials when parents/spectators displaying inappropriate and disruptive behavior interfere with other spectators or the game.

The game officials will identify violators to the schools supervisor and/or coaches for the purpose of removing parents/ spectators from the spectator's viewing and game area. Once removed, play will resume. Failure to do so may result in a technical foul being assessed to the head coach. This inappropriate and disruptive behavior shall include:

- Use of obscene or vulgar language in a boisterous manner to anyone at any time.
- Taunting of players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence or physical violence.
- Throwing of any object in the spectators viewing area, players bench, or on the court, directed in any manner as to create a safety hazard

Mercy Rule

During a MMHSAA Varsity/JV/Freshman basketball game, if a team builds a lead of 35 or more points, the game clock converts to running time.

The 35-point differential becomes effective beginning with the ensuing possession resulting in the following changes, regarding rules determining when the clock will and will not be stopped. The clock will run continuously except for the following situations at which time it will be stopped:

1. Intermission between quarters
2. For an injured player
3. Anytime a team calls a time out
4. Anytime officials determine it is necessary for safety reasons
5. If the score margin drops below 20 points, normal timing will resume for the remainder of the game or until the 35-point plateau is again reached.
6. If in effect at the start of the fourth quarter, the running clock remains in effect until the game ends.

PLEASE NOTE: Each school is responsible for providing a laminated copy of this rule at their scores table. This rule applies to all MMHSAA league basketball games.
